

PLACEHOLDER

Fig. 6 - Desktop GUI

Screenshot of the three-column main window on a real stereo dataset, with callouts (i)/(ii)/(iii) for the left workflow sidebar, the centre canvas with ROI + W field overlay, and the right run/visualization sidebar; insets of the PyVista 3D View and the Strain Post-Processing window.

Data / script: tools/gui_screenshot.py offscreen capture + examples/Images_Stereo_Sample3.
